

Trial Marriage Husband: Need to Work Hard Novel Chapter 16 To 20

Chapter 16: Give the Contract Back to Yurou!

The official contract signing ceremony with hf was to be held at 9am and would be broadcasted live as well as officially announced to the public. It seemed, regarding the war between Tangning and Mo Yurou, hf had chosen Tangning's side.

3 years had passed since Tangning last attended an event like this – she had almost forgotten how it felt. But, as soon as she put on her creamy white low-back dress and the jewelry that hf had sponsored her, she was once again glowing with confidence.

Long Jie left the house nice and early to drive over to Hyatt Regency. As she was Tangning's assistant, Mo Ting had given her special permission to enter their villa as she pleased. She had originally prepared a dress for Tangning...but when she entered the huge walk-in wardrobe Mo Ting had given to Tangning, she couldn't believe her eyes.

"He is indeed the president of Hai Rui, generous with good taste!" Long Jie praised.

At that exact time, Mo Ting came out from his own wardrobe. As soon as he saw Tangning he turned to Long Jie, "I have something I need to say to Tangning."

"OK, I'll step out for a bit." Long Jie turned around understandingly and closed the door as she left.

Tangning stood in front of the mirror smiling sweetly at Mo Ting; fresh and elegant like a blooming lily. It was hard for one not to turn all their attention to her.

"What do you want to say to me?"

Mo Ting didn't say a word, instead, he took big steps towards Tangning and hugged her from behind. He then turned her neck so he could cover her mouth with his, "I want to kiss you and even more...I want to adore you."

"I'm going to be late." Tangning also didn't want to part with Mo Ting's lips.

"I will watch the live broadcast..."

Tangning nodded her head with satisfaction. She hooked her arm onto Mo Ting's as they walked out of the villa together. Truthfully, anyone looking at the couple would believe they were a perfect match. Tangning was like white snow emanating a sense of pureness, whereas Mo Ting was alluring like a dangerous dark night.

Long Jie was captivated by the sight of the couple, *this is how a married couple should look like...unlike Han Yufan the jerk, who would not be so pleasing to the eye.*

A little while later, Tangning boarded the car with Long Jie's assistance. On the way, Long Jie spoke while driving, "The contract signing will be at 9am, we should arrive at 8:50am – just right."

"Your arrangements have always been on point." Tangning looked down and swiped her phone.

"The plane will be at 3pm and Mo Yurou has arranged for anti-fans to stop you at the airport. Among her fans, they have discussed a plan to make you look bad. One of them will find the chance to embarrass you and others will pretend to be passersby aiming to skew the judgment of onlookers." Long Jie screwed up her nose in disgust, this was something primary school kids did and unfortunately, childish acts like this always seemed to hurt others the most.

"All this information, how did you find out about it?" Tangning was quite surprised.

"Because I have Xiao Hao hiding amongst them..." Long Jie hummed proudly, "We'll just let these kids be happy for a bit...after the video is released, we'll see whose face gets slapped harder..."

Tangning laughed as she shook her head. Mo Yurou certainly had the ability to gather anti-fans. In comparison, her number of active fans looked pitiful.

However, there were still a few that were looking forward to her appearance at the airport.

8:50am, right on time, Tangning arrived at the hotel where the contract signing was to take place and walked down the red carpet in front of the reporters.

Long Jie had selected to arrive at 8:50am because any earlier, Tangning would have devalued herself. At the same time, she had to make sure they wouldn't be late, so Long Jie timed everything perfectly.

“Tangning, after your public apology, you disappeared. When you appeared again, you took Mo Yurou's contract, was this all part of your plan?”

“Mo Yurou released photos of her working hard to stand up again this morning, is she accusing you of stealing her deal?”

“Tangning, are you planning to make a comeback?”

Tangning smiled the entire time without responding to any of the reporters' questions. After entering the hotel, she listened carefully to hf's arrangements and cooperated accordingly.

On the other hand, Han Yufan, who was originally meant to attend the signing couldn't attend because he was busy, so Tangning was accompanied by her assistant instead. This gave the public the impression that Tangning and Tianyi Entertainment were on bad terms. However, Han Yufan was indeed busy – busy being held back by Mo Yurou. There was no way she would allow Han Yufan to attend the signing and support Tangning.

Hai Rui Entertainment. Mo Ting was sitting in his office watching the live broadcast. On screen, Tangning didn't appear demanding; she was quiet and beautiful but was hard to ignore. As the contract signing reached its end, Mo Ting phoned his assistant through the intercom, “This afternoon, send 4 bodyguards to protect Tangning all the way until she boards the plane.”

“Yes, president...”

Mo Ting knew, regarding this spokesperson deal, on the surface everything seemed to be smooth sailing, but in actual fact, there were rough seas ahead.

After the contract signing, Tangning and hf's founder sat down for lunch together. 1pm, Tangning left the hotel to head directly for the airport...the

closer they got to their destination, the more nervous Long Jie became, “Tangning, I will try my best to protect you, you also have to protect yourself.”

“Long Jie, do you think I haven’t prepared myself?” Tangning smiled as usual. Right now, everything was within their control, what was there to fear? 3 years ago, she already experienced everything.

Not long after, Long Jie got out of the car first. After taking the luggage out, she assisted Tangning out as well. At first, no one noticed the two of them. However, as soon as they stepped into the airport, a bunch of fans ran over with flowers to greet them. The flowers were shoved into Tangning’s hands, but before she could grab hold of them, the flowers and other gifts fell to the floor.

In an instant, everyone was stunned. Wearing sunglasses and face masks, her fans were disappointed upon seeing their gifts being mistreated, “Tangning, what is the meaning of this? We gave you flowers because we like you, how could you throw it on the floor? Even famous celebrities wouldn’t dare treat their fans like this, let alone someone like you who isn’t famous yet!”

Tangning knew these guys were here to cause trouble, so she immediately apologized, “Sorry, I didn’t get a grip yet. It wasn’t on purpose!”

“As if it wasn’t on purpose, it was obvious that was your intention!”

“I saw it too! You threw it away deliberately.”

The anti-fans were sparking up speculation amongst passersby as they started to speak up, “Just on your personality alone, how can you compare to Yurou? Yurou always greets her fans with a friendly smile, offering to take photos with them. Did you think, just by signing one contract, you would be able to replace her?”

More and more people crowded around and the number of curious people increased. In an instant, Tangning had roughly over a hundred people surrounding her.

Because of the increasing number of people, the anti-fans decided to initiate the second step of their plan. Gathering the crowd closer, they started to push and shove Tangning around, “Why do you think Yurou has stayed famous for 3 years while you became old news. I’ve realized now, it must be because you have a bad personality. Look how nice Yurou is in comparison.”

“Give the contract back to Yurou!”

“I agree...originally, I quite liked you, but you actually went ahead and threw the flowers your fans gave you onto the floor. You can't compare to Yurou even a tiny bit. You don't deserve to take Yurou's contract. What schemes did you use? Tell us...”

Chapter 17: The Viral Indecent Video

The fans' interrogations got louder and louder as passersby started to take photos and discuss what was going on. They felt Tangning was shameless – to them Mo Yurou's character was much more trustworthy.

Tangning was completely surrounded, leaving her with no room to escape. So, instead, she calmed herself down and removed her sunglasses, revealing her bare face to the public, “If you want me to answer your questions, I can do that, but first, can I ask you a few questions?”

“Go ahead.” The anti-fans looked at Tangning wondering what trick she had up her sleeves.

“You say you are my fans, so can you tell me, what year did I debut, what year did I receive awards and what awards were they?”

After hearing her questions, the anti-fans looked blankly at each other. How could they know this information about Tangning – they despised her.

“We...we are new fans. Regardless, you threw our gifts on the floor, so you are in the wrong,” one of them responded.

“Whether or not I threw the flowers on the floor, even if I was to not explain, I'm sure the airport's cameras would have captured everything. But, I already apologized immediately after dropping them, I'm sure everyone heard. I've also previously acknowledged, within the industry, there is still much to learn from Yurou. So, what else are you not happy with?” Tangning spoke gently, not forceful at all, but straight to the point. This girl that was causing trouble definitely wasn't her fan. It was obvious she was the fan of Mo Yurou, who's name hung to her lips.

The fact that Tangning had already apologized and responded with a modest attitude, the majority of passersby were starting to change their minds...they felt that Mo Yurou's fans were petty and had gone too far.

“Fine, it’s true, I am also a fan of Yurou’s. We just feel you don’t deserve to be compared to her. On top of everything, you even stole her contract, you should return it to her!” After speaking, the anti-fan started to push Tangning. Tangning staggered and almost fell. Luckily...the bodyguards Mo Ting sent arrived just in time, squeezing through the crowd to hold onto her. They also started to separate the crowd from Tangning.

Long Jie couldn’t hold in her anger anymore. She stood between the anti-fans and Tangning as she turned her head slightly, “You go ahead first and wait for me, I’ll be right there.”

“OK.” As usual, Tangning didn’t argue. She just simply put her sunglasses back on.

“Hmmpf! If you don’t give us an explanation today and don’t return the contract back to Yurou, don’t even think about boarding the plane.” The anti-fans warned as they linked their hands forming a human barrier.

“Do you really believe in Mo Yurou’s character that much?” Long Jie asked with a deeper meaning.

“It’s definitely better than that of your cheap model’s.”

“These words, I’ve recorded it...” Long Jie raised her phone, “When the time is right, I’ll send you all a huge gift.” Long Jie placed the phone to her head and called the police. The police immediately arrived to escort Tangning away from the crowd with the help of Mo Ting’s bodyguards. Tangning quickly disappeared from the view of the public, but before the police left she whispered something to them.

“Tangning, Mo Yurou has made the news about you stealing her contract the number one discussion,” Long Jie looked at her phone as she spoke.

“Then, what are you waiting for? Release the video...” Tangning replied while walking.

“I’ve been waiting for this moment...now those fans can see, whether their goddess is an innocent lady or a sl*t!” After speaking, Long Jie phoned a reporter friend, “Post up the video we prepared earlier.”

Han Yufan, let’s see how many times you can save Mo Yurou!

...

Tianyi Entertainment's Artists' Resting Lounge. Mo Yurou was celebrating that the discussion she started had hit number one. On top of that, she received photos from her fans of the scene at the airport; Tangning had been pushed to the point where she couldn't even fight back – it completely satisfied her hatred. She wanted Tangning to have a taste of what it's like to steal her contract. This was only one of the consequences, the worst was yet to come.

"Yurou, after this heated incident, I'm sure you will get even better deals than the one offered by hf," her assistant flattered as he massaged her shoulder.

"Of course! I have to secure a place at the Top Ten Model Awards!" Mo Yurou smiled confidently, her confidence was due to the fact that Han Yufan had reassured her earlier on. As promised, Han Yufan appeared at the doorway all of a sudden holding a contract to discuss with her.

"Quick, my Top Ten Model, a big advertisement is here, let's hold a meeting immediately."

Mo Yurou nodded her head; she was exceptionally pleased as she headed into the meeting room to discuss the details.

"Although Yurou lost the contract with hf, she has managed to secure a deal with an international makeup brand. She is indeed Tianyi Entertainment's precious gem!" Han Yufan showered Mo Yurou with praises, "As for Tangning, from now on, if anyone asks for her, respond by telling them she is getting married and won't be taking any more jobs."

After hearing these words, Mo Yurou's smile grew even larger. However...just as the two were conversing with their eyes, Han Yufan suddenly received a phone call. At first, he had a smile plastered across his face, but afterwards, the smile disappeared, "Mr. Blair, how could you cancel the contract all of a sudden?"

"The indecent video of you and Mo Yurou has already gone viral, I am extremely ashamed of the two of you. What rubbish!" with that, he hung up the phone angrily.

"What happened?" Mo Yurou asked.

“The advertiser has requested for a solution to something.” While he was speaking, Han Yufan pulled out his phone – at the top of search rankings was a video of him and Mo Yurou in the hospital bed getting intimate! This time it wasn’t just a photo, it was a video! It was a video that they couldn’t deny! Seeing his reaction, Mo Yurou immediately stormed over and grabbed the phone from his hand. Upon seeing the video...

...she was so stunned, she dropped the phone onto the floor, “How could this happen? How...?”

Everyone in the meeting room immediately picked up their phones to see what was going on, while Mo Yurou, like being caught on-the-spot cheating, started yelling at everyone, “Don’t look! Don’t search!”

“It’s over...everything’s over...” Han Yufan angrily plopped down into his chair, “Who is it exactly that is trying to go against me!”

Apart from Tianyi Entertainment’s internal departments, Mo Yurou’s official page was also in an uproar. It was only today that they put all their trust in Mo Yurou and stormed over to insult Tangning, but...now they felt like they had been slapped across the face.

At this time, Long Jie and Tangning had already boarded their flight. Long Jie was logged into Mo Yurou’s fan club, watching as the anti-fans self-destructed, “I never thought Mo Yurou would be so cheap, while we unknowingly idolized her, we must have been blind. From now on...I’ve lost all respect for her.”

“Me too...”

“Me too...”

“We should take the initiative and prove Tangning’s innocence. At the airport, we had deliberately insulted her, she must have known. However, she never tried to get back at us. Instead, while the police were stopping us, she even told them not to hurt us...I heard it all, but I didn’t announce it!” one of the fans said guiltily.

“Also, Tangning’s schedule was given to us by Mo Yurou’s assistant, we need to post about this.”

After seeing the discussions, Long Jie's mouth was curving from ear to ear... *so satisfying!*

*That sl*t and jerk must be running around in a panic right now.*

"Tangning, why are you so smart? I really love you," Long Jie wrapped Tangning in a hug as she planted a kiss on her cheek.

"But, I don't love you..." Tangning replied, looking down at Long Jie teasingly.

"Then who do you love? President Mo?"

Tangning was indeed thinking of Mo Ting and was especially missing his kisses...habit, definitely was a scary thing, especially poisonous habits.

Chapter 18: A Victorious Battle

In an instant, Han Yufan and Mo Yurou's news became the talk of the town; their previous efforts with PR had been completely overturned. Since Han Yufan and Tangning were an engaged couple, the video revealed Mo Yurou was a third party that had stepped in between the two, so she quickly became a hated homewrecker that everyone cursed under their breaths.

At this time, a member of the media stepped out to reveal that the Crown's Star substitute incident was all Han Yufan and Mo Yurou's idea and Tangning was forced to innocently take on all the blame.

The netizens were in an uproar.

Later that day...even bigger news was released regarding the incident at the airport.

Tangning was previously criticized for disrespecting her fans, resulting in disgust from passersby. But, after Mo Yurou's indecent video was released...Mo Yurou's Official Fan Page posted up a statement clearing the entire incident of Tangning's fault. It was revealed that the fans had planned the entire incident beforehand and they even pointed out it was all because they wanted to stick up for Mo Yurou. Luckily, they had now realized, the idol they were protecting, was not worth it.

On top of everything, evidence was posted up of Mo Yurou's assistant privately providing details of Tangning's schedule to the fan club. Records of

the discussions that took place in planning for what happened at the airport was also posted.

In the end, a clarification letter on behalf of Tangning was released clearly explaining that Tangning hadn't thrown the flowers on the floor. They also praised Tangning for being polite and sincerely apologizing even though she knew she was being slandered. Most importantly, when she was being protected by the police, she caringly asked the police not to be so rough, in case they hurt someone.

This was released by Mo Yurou's Official Fan Club, which meant Mo Yurou's fan club had now become a defeated army. Even her biggest fans had now turned their back on her, how was anyone to trust Mo Yurou ever again? The media continued to be negative, fans stepped all over her, even companies that had previously used Mo Yurou as a spokesperson immediately took down their ads and sent out letters from their lawyers.

Seeing all this, Mo Yurou knew...she was over...she was completely over!

"Yurou, you need to remain calm. You still have the child in your stomach. With this child, you don't have to be afraid that President Han won't obediently listen to you. Even if in the end, you can no longer be a famous model, at least, you can still be the wife of Tianyi's CEO." Mo Yurou's assistant tried to calm her down after seeing her throw everything on the floor, "Don't damage your body, there's still a long road ahead."

Hearing this, Mo Yurou agreed with her assistant's reasoning. Even if Tangning was to make a comeback, so what? With the child in her stomach, she still had a chance to win.

...

As soon as she stepped off the plane, Tangning received a phone call from Mo Ting. Long Jie also immediately searched up the progress of the ongoing battle. Their odds were looking good, it didn't seem like the tramp had any chance of a comeback.

"Should I congratulate my wife on a victorious battle?" Mo Ting was sitting on his office chair as the contours of his face were highlighted by the rays of sunlight coming in through his office window. He looked handsome as usual.

Tangning laughed gently and responded with a cheeky voice, "Must you congratulate me every time I make a move?"

"Can't you tell? I'm just looking for an excuse to give you a call..."

Tangning's heart fluttered. "Too bad I can't come home tonight," she responded in a quiet whisper.

"If you tell me you miss me, there might be a miracle," Mo Ting teased. "Do you want to try?"

"Even if there was no miracle, I would still miss you," Tangning replied seriously, but because she was embarrassed, she hung up the phone before Mo Ting could give a response. On the other side of the phone, Mo Ting gave a muffled laugh as he immediately called Lu Che on the intercom.

"Help me organize flights to Liusen, as soon as possible. While you're at it, pack all the documents I need to sign so I can take them onto the plane with me."

Tangning had no idea there would be a surprise.

After disembarking the plane, she went straight to the location of her shoot. As her contract included print ads, even though it was already night, she still entered the studio.

Alongside her, there were a few foreign models that would be in the ad as well. Every one of them were extremely professional. Upon seeing Tangning standing around with no expression, the photographer was suddenly worried whether she would be able to meet expectations. The print ad required the model to be snapped in the spur of the moment and had a high degree of difficulty. Within a second, the model had to express emotions that suit the product; this was a real test of a model's acting abilities.

Unfortunately, Tangning's body was hidden by the long dress she was wearing, so no one could see her positive features. It was not until she changed and stepped out that everyone could finally see her perfectly proportioned body. Everyone in the studio was stunned, whether it was her height or her measurements, everything met international standards.

With her casual black patterned A-line dress, paired with a sleeveless dark denim jacket, she was completely exuding sexiness.

But her expression...

The photographer was still worried, so immediately walked over to Tangning to explain, "The photos we are taking today will have a slightly wild style, like a wild cat out for a stroll at night..."

"I understand," Tangning nodded calmly.

The photographer didn't explain any further. *Asian models have always been of this quality, there is no point expecting too much.*

"Come, everyone get in position. Let's start with some solo photos, Jason!"

The models that were called each walked up to stand in front of the screen. Quickly and professionally, they all completed their shots – Tangning was last. Because she was last, she was under extra pressure. After all, in terms of appearance, she couldn't compare to the foreigners. If her acting wasn't up to speed, the whole shoot could easily be foiled.

"Tangning!"

Upon hearing the photographer's call, Tangning walked in front of the screen wearing her bracelet from their 'Charming Night' collection. The photographer continuously explained how she should pose to achieve a wild look, but Tangning just smiled as she nodded understandingly. One thing the photographer hated the most was people that pretended they understood when they didn't. So, he spoke a few words before grabbing his camera and taking a few steps back, "Let's just try a few test shots to see how it turns out."

"No, it's OK, let's just do it," Tangning requested.

Seeing her confidence, the photographer anticipated seeing a joke. In aggravation, he warned, "You asked for it. Once I start, there won't be a second chance."

"OK," Tangning answered in her usual calmness.

The other models all felt Tangning was digging her own grave; *she was obviously given a chance yet...she didn't want it, what is she thinking?*

"Then, let's get started..." The photographer waved as he looked at Tangning without much expectation.

Tangning nodded, then...

...while everyone was gathered around waiting to watch her embarrass herself...in a split second she entered into a different state of mind, surprising all onlookers. They watched as she naturally spread her legs apart, wrapped her left hand around her right hand's wrist and gently spread apart her lips. As she bit the middle finger of her left hand, in an instant, everyone was stunned by the look in her eyes – it was so threatening...compared to the weak persona she had earlier on, it was like she had turned into a completely different person!

What impressed everyone the most, was the bracelet on her wrist, which appeared to be supplying her with this wild energy – she and the product went perfectly together, like they had completely fused into one...

The photographer was speechless... *where did he find this gem? This level of professionalism is comparable to that of an international supermodel.*

Chapter 19: Let's Get Married Immediately

Above all...

...how was she so confident to refuse test shots, especially since she has to practically change poses every 3 seconds?

No matter if Tangning had to act lazy, seductive, threatening or cute, as long as the photographer asked her to change poses, she immediately suited whatever theme was thrown at her; her reactions were so quick that everyone watching was amazed.

Long Jie was standing to one side. Upon seeing Tangning return to the Tangning she once knew, she was so emotional she almost cried out loud.

Apart from tearing up, she also pulled out her phone to take photos of Tangning's various poses; she intended on forwarding them to Mo Ting. Because of Tangning's relation to Mo Ting, Long Jie felt extremely fortunate to have someone so mighty in her phone contacts.

Of course, at this time, Mo Ting was still on the plane...

In the 4-hour photo shoot session, Tangning managed to convince the photographer and a few others in the industry with her professionalism. Even

Mr. Eugene, who had previously told Tangning to leave, couldn't help but give her a thumbs up. He even personally explained to Tangning that he couldn't control his emotions last time because he was so angry about being lied to.

After removing her makeup, Tangning returned to her expressionless self. Meanwhile, everyone was extremely happy with her, making Mr. Eugene's impression of her improve dramatically.

Long Jie hurried over to cover Tangning with a jacket. At the same time, she handed over the flashing phone in her hand, "Han Yufan is calling..."

Tangning's expression didn't change, her gaze just darkened a little, but she still picked up the phone, "Hello?"

"Tangning, have you seen or heard any news?" Han Yufan asked, treading lightly.

"Why?" Tangning asked, pretending to be calm. "What happened?"

"Oh, it's nothing!" Han Yufan was sure Tangning hadn't found out yet since she was in Liusen. So, he hatched up a plan, "Tangning, how about I fly to Liusen tomorrow. We can register our marriage there, it's perfect. The scenery is beautiful and the atmosphere is lovely, we can even take advantage of this opportunity to have a holiday. It could be our honeymoon!" Han Yufan wanted to quickly trap Tangning.

Actually, Tangning wasn't born into an ordinary family. She was the daughter of a famous perfume empire, but, because of her relationship with Han Yufan, she had a falling out with her family. They were on such bad terms, they practically cut all ties and refused to see each other again. But...in the end, she was still a Tang. When the Tang elders pass away, she would still have the right to fight for the inheritance.

Han Yufan didn't want to let go of Tangning, not only because Tangning was naive and easy to fool, but one of the most important reasons...was the inheritance.

Since his and Mo Yurou's video had been released, he could only take advantage of the fact that Tangning hadn't realized yet, to quickly force her to marry him.

“Under the suspicious relationship between you and Mo Yurou, I don’t think we should get married yet!” Tangning refused straightforwardly.

“There’s really nothing going on between Yurou and I. The photos you saw were all a misunderstanding...”

“If the photos are a misunderstanding...what about the video?” Tangning questioned in an extremely calm tone, “I am indeed in Liusen, but...Liusen is still in the same country, did you really think I wouldn’t be able to see the news? Or did you think I was really that easy to coax and trick?”

“Tangning...I didn’t do it on purpose, trust me. We’ve been together for so many years, don’t you know what type of person I am?” Han Yufan acted innocent, trying to get pity, “It was all her one-sided love, the person I love is you.”

“Then...what if I was to say, if she remains in Tianyi Entertainment then I would leave or if I was to remain, then she would have to leave?” Tangning asked decisively.

“Tangning, I always thought you were the one that understood me the most, why must you pressure me like this?” Han Yufan was a bit upset because he didn’t want to give up on either side. Mo Yurou was his first love and was pregnant with his child, whereas Tangning

Being put on the spot, Han Yufan couldn’t decide what to do.

“If you feel like I am pressuring you, you are free to go look for Mo Yurou, she’s very understanding.”

“Must it be like this?” In actual fact, Han Yufan had already decided to give up on Mo Yurou. After all...Mo Yurou’s family background was quite average. The only reason she had got to where she was today, was because he had pushed her to that position. If he was to compare her to Tangning, she at best, was just the type to play around with, “Give me some time to speak to Yurou, afterwards we will get married immediately.”

“I’ll be waiting,” Tangning appeared to respond calmly, but her words contained hidden feelings of contempt.

How can someone like Mo Yurou let go of Han Yufan that easily? She even has a child on the way.

Long Jie looked at Tangning's scornful look and immediately grabbed the phone out of her hand, "From now on, we won't take any of his calls...saves us from ruining the mood."

"Let's return to the hotel, I'm tired," Tangning smiled like nothing happened.

Long Jie nodded and immediately escorted her back to the hotel. Their rooms were next to each other. Long Jie opened the door for Tangning and comforted her, "Have some rest...don't think too much, you still have an outdoors shoot tomorrow."

"Uh huh," Tangning nodded before closing the door. Turning around, she suddenly noticed the sound of water coming from the bathroom. "Who's there?" she asked cautiously.

The person inside seemed to have heard her voice as he reached out and turned off the tap. Tangning was worried she had entered the wrong room, so quickly headed for the door. However, at that moment, a tall figure stepped out of the bathroom, grabbed her by the waist and embraced her in a hug, "It's me."

Tangning turned around to see Mo Ting. She was surprised for a moment, "You...how..."

"Didn't I say? There would be a miracle?" Mo Ting loosened his grip before planting a kiss on her lips. "Flying during the day is tiring, so I decided to have a shower first to relax..."

Tangning's mind was in a blur. Never would she have imagined, Mo Ting meant what he said. She immediately wrapped her arms around his waist.

"My dear wife...should I remind you...I'm not wearing anything?"

After hearing this, Tangning instinctively looked down as her face flushed red, "Then you go continue your shower..."

"But I want to go together!" With those words, Mo Ting didn't wait for a response. He directly carried Tangning in his arms straight into the bathroom and placed her under the shower. Grabbing her chin, he planted a passionate kiss on her lips.

“Don’t...don’t be so rough, I still need to shoot an advertisement tomorrow.” Tangning still had a little bit of awareness.

Mo Ting smirked before moving downwards, “What about here?”

Separated by a layer of clothing, Tangning trembled and soon lost her senses.

Under the shower, the couple continued to kiss passionately and hug. But, as usual, before taking the final step, they were both already satisfied. After showering, one of them peacefully applied skin care, while the other leaned against the bed reviewing some documents. Glancing over at Mo Ting, Tangning’s heart hurt a little, “You’re already here, yet you still have to work?”

Mo Ting nodded as he closed up the documents and waved at Tangning. When she finally sat down in his arms, he smiled apologetically, “It’s a habit.”

“Am I not attractive enough? Today, Han Yufan called and said he wanted to marry me!” Tangning complained sadly.

Chapter 20: Han Yufan’s Choice

With one quick thrust, Mo Ting grabbed onto Tangning’s waist and pulled her close to his chest as he whispered into her ear with a dangerous tone, “Then, will you marry him?”

“I admit I was once blind, but...I am certain I am heading in the right direction now...” Tangning murmured, “You are my direction...”

Mo Ting flipped over, positioning himself on top of Tangning. He looked at her seriously with his ink-like eyes, “I can barely control myself anymore...but...it’s not enough. Even though we have already registered...I’m still hoping for you to get to know me properly and to be certain that you want to spend the rest of your life with me. When the time comes that we are both certain we want to be together – that’s when we can truly belong to each other.”

“In this industry, my options are endless, I can have whatever I want. The only thing I can’t find...is a pure heart.”

“Then...let’s try hard and work towards the same goal – let’s walk the same path and live the same life,” Tangning replied seriously. “I really never thought, President Mo – who is sitting high up above everyone else in the

entertainment industry – isn't after a fun and carefree lifestyle. I thought you would be a player with a multitude of women; have you never wanted that?"

"When a woman asks a question like this, there is no need to answer...all a man needs to do...is respond with a passionate kiss." After speaking, Mo Ting laid down a kiss, and just like he predicted, a passionate kiss indeed makes a lover forget all their worries. That night, embraced by Mo Ting's hug, Tangning slept extremely sweetly.

...

Compared to Tangning's happiness, Han Yufan's day was definitely not going well. He was in a predicament due to Tangning's request for Mo Yurou to leave Tianyi Entertainment. Mo Yurou not only had his child in her stomach, in her hands she also had evidence of his bad deeds – he couldn't offend either woman.

Full of uncertainty, Han Yufan drove back to his home. Upon seeing Mo Yurou sitting sadly on the sofa, his heart sank.

"Yufan..." Mo Yurou cried as she flew into his arms, wrapping her arms tightly around his waist. "What should I do? Does this mean I can't be a model anymore?"

"Yurou...how about you go overseas temporarily to take care of your pregnancy? After our baby is born, you can return. When that time comes, I promise, I will do what I have done before – I'll make you famous again."

After hearing his words, Mo Yurou froze in realization, "You're asking me to go overseas? Han Yufan, are you planning to sacrifice me? Let me tell you, I'm not as stupid as Tangning to believe your words, I definitely will not go. Plus...Han Yufan, don't forget, my stomach still contains your child. I've already been your lover for so many years, do you really think you can just kick me aside like this?"

"That..that's not what I meant..."

"Han Yufan, think carefully, who do you want to spend the rest of your life with? Do you love Tangning?"

"Of course I love you, only you!" Han Yufan responded painfully, "But, Tangning set out conditions: if you don't leave Tianyi, she won't marry me."

“Even if you marry her, you aren’t guaranteed everything the Tang family owns!” Mo Yurou reasoned. “The Tang family doesn’t care about Tangning. Even if she was to return to the household, how much would she be able to inherit? Yufan, do you really want to put all your eggs in the one basket, to find in the end you’ve gained nothing? Stay with me, at least you have me and our child...the three of us can build a future together, isn’t that what you want?”

“Yufan, think about it carefully...do you want me, or do you want Tangning? All I need is one word from you and I can go directly to the hospital to organize an abortion. I’ll leave Tianyi and never appear in front of you again.”

Han Yufan didn’t respond as he stood blankly in place.

Seeing no response, Mo Yurou immediately picked up her phone to ring her assistant, “Help me make an appointment at the hospital, I want to have an abortion...”

“What are you doing?” Han Yufan swiped the phone out of her hand, “Don’t be so impulsive, did I say I wouldn’t be choosing you?”

Upon hearing his words, Mo Yurou’s face lit up, “Does that mean, you choose me?”

“I love you the most and yet you want to have an abortion, how could I allow you to do such a thing? All these years, I’ve been protecting you, have you not realized?” Han Yufan ended up settling on a decision – he decided to end things with Tangning. He just felt it was a pity to give up on the Tang family. But just like Mo Yurou reasoned, there was no guarantee for the future; he couldn’t give up on Mo Yurou and his child over an illusion.

“I knew it, you’ve always treated me the best.” Mo Yurou broke into tears of joy as she gave Han Yufan a big hug. “I will definitely give birth to your child and make your sisters and mother happy.”

“As long as you don’t stir up any more trouble, I will be very thankful. Don’t go online too much and don’t listen to the insults online. News like this, will pass. Although this scandal will definitely affect the judges image of you for the Top Ten Model Awards...this award, is more focused on a model’s professionalism, so we shouldn’t give up on our goals.”

“I will listen to you, however, there is one thing you must listen to me!” Mo Yurou pulled Han Yufan onto the sofa next to her. “Continue to freeze Tangning’s jobs. Look at how arrogant she is right now. All because she secured a deal, she thinks she’s all that and even tried to go against the company.”

“But...”

“Tianyi can live without Tangning. If we want to find a model, it’s not hard,” Mo Yurou stated. “However, we also can’t let her go. If she’s given the chance, she will definitely seek revenge on us. We will hold on to her and freeze her, after three years is up, she will be so old she won’t be able to make a comeback.”

“But...at present, Tangning has a lot of people cheering for her and her feedback is really good.”

“Doesn’t that make things easier? Let’s wait till she returns from Liusen...find her a corporate client, a brand that’s low-end and disgusting, so her image declines.”

Han Yufan looked at Mo Yurou, he knew what she suggested was a bit extreme, but...Han Yufan couldn’t refuse – he just simply nodded, “I’ll do as you say...”

“Plus, all companies that want to work with Tangning, we will reply to them saying Tangning doesn’t want to work with them.”

Han Yufan hugged Mo Yurou as he planted a kiss on her forehead. This time his decision came from his heart, he would end things with Tangning. After they end their relationship, Tangning would simply be a contracted model of Tianyi’s with a term of 3 years remaining. Just like Mo Yurou had said, he had to prevent Tangning from becoming famous and finding a chance to revenge against them. So...from now on he could only continue to step all over her.
